COLOR THEORY WORKSHEET
Use color pencils to complete the following exercises

Name: $\qquad$
Period $\qquad$ Date $\qquad$
PRIMARY COLORS cannot be made from any combination of colors. Fade intensity from top left to bottom right - heavy to light - Stay inside the edges of your box

| RED | YELLOW | BLUE |
| :---: | :---: | :---: |
|  |  |  |
|  |  |  |
|  |  |  |

SECONDARY COLORS are made from combining 2 primary colors) Fade intensity from top left to bottom right - heavy to light - Stay inside the edges of your box. Mix your own colors - no cheating

| Red + Blue $=$ <br> PURPLE | Yellow + Blue $=$ <br> GREEN | Yellow + Red $=$ <br> ORANGE |
| :--- | :--- | :--- |
|  |  |  |
|  |  |  |
|  |  |  |

Sir Isaac Newton realized that the colors of the spectrum could be seen as a circle and thus the color wheel was invented. THE COLOR WHEEL is made of the primary and secondary colors plus all of the colors in-between tertiary colors (a primary + a secondary)
Shade the circles in lightly in the center and darker and more saturated on the edge to give the center a reflective quality. Analogous Colors are side by side on the color wheel: Red, red-orange, orange, yellow-orange, yellow

ANALOGOUS COLORS
Analogous colors are side by side on the color wheel - these are the transitional colors. In this exercise you will limit yourself to 5 analogous colors in your palette

- Use the boxes below to create 5 analogous colors. Example: green, yellow/green, yellow, yellow / orange, and orange. No colors were skipped; see your color wheel for ideas.
- The fade your colors from dark at the top to light at the bottom
- Be sure to label each box with the color it contains

|  |  |  |  |  |
| :--- | :--- | :--- | :--- | :--- |
|  |  |  |  |  |
|  |  |  |  |  |

## A TINT

Hue (a color) + White $=$ Tint

Select a hue and allow increasing amounts of white from the page to show through The box on the left will be pure saturated hue (no white) the box on the right will be pure white

| Pure Hue |  |  |  |  |  | Pure White |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- |
|  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |

## A SHADE

Hue (a color) + Black = Shade Use the same hue you used in the exercise above
Start with a value scale - dark on left white on right
Alternate between the hue and black - intense on left and light on the right

| Pure black + <br> intense hue |  | Medium <br> black + <br> medium <br> hue |  | White + <br> Light hue |  |  |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- |
|  |  |  |  |  |  |  |

## COMPLIMENTARY COLORS

Colors which are directly across from each other on the color wheel. When complimentary colors are placed next to each other they appear to be brighter and more intense than when sitting next to other colors.

Mixing a color with its compliment will neutralize the intensity of the color, this is great for depicting shadows and distance.
The farther away a color is the less intense it becomes, artists generally add white or black and a compliment.
Examples: Yellow and Purple
Blue and Orange
Red and Green
Fade intensity from top to bottom - heavy to light - Stay inside the edges of your box

| RED | RED $+G$ | RED + GG | RED/GREEN | GREEN + RR | GREEN + R | GREEN |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- |
|  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |
| YELLOW | YELLOW + P | YELLOW + PP | Yellow/purple | PURPLE + YY | PURPLE + Y | PURPLE |
|  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |
| ORANGE | ORANGE +B | ORANGE +BB | Orange/blue | BLUE + OO | BLUE + O | BLUE |
|  |  |  |  |  |  |  |

## NEUTRALIZING COMPLIMENTS

Select one set of compliments for the exercise below
Orange and Blue
Red and Green
Yellow and Purple

- Top row label your complimentary colors (2 colors which are opposite on the color wheel)
- Work from a pure saturated hue in the bottom row to a very faint tint in the top row
- Mixed in will be a deep black in the bottom row up to a white in the top row

|  | blue | Blue + little orange | Orange + Blue | Orange + little <br> blue | orange |
| :--- | :--- | :--- | :--- | :--- | :--- |
| white |  |  |  |  |  |
| Less <br> white |  |  |  |  |  |
| Light <br> grey |  |  |  |  |  |
| Med <br> grey |  |  |  |  |  |
| Dark <br> grey |  |  |  |  |  |
| black |  |  |  |  |  |

Examples of compliments are:

- Red/Green
- Blue/Orange
- Yellow/Purple

## NEUTRALIZING COMPLIMENTS

Select one set of compliments for the exercise below
Orange and Blue
Red and Green
Yellow and Purple

- Top row label your complimentary colors (2 colors which are opposite on the color wheel)
- Work from a pure saturated hue in the bottom row to a very faint tint in the top row

Mixed in will be a deep black in the bottom row up to a white in the top row

## NEUTRALIZING COMPLIMENTS

Select one set of compliments for the exercise below
Orange and Blue
Red and Green
Yellow and Purple

- Top row label your complimentary colors (2 colors which are opposite on the color wheel)
- Work from a pure saturated hue in the bottom row to a very faint tint in the top row

Mixed in will be a deep black in the bottom row up to a white in the top row
